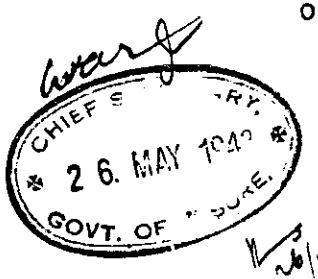
FROM

THE SECRETARY
TO THE HON'BLE THE RESIDENT IN MYSORE.

To

The Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
BANGALORE.



Dated Bangalore, the 25th May *1942.*

AUXILIARY NURSING SERVICE.

SIR,

I am directed to forward a copy of a letter from the Government of India, Civil Defence Department, to all Provincial Governments and Chief Commissioners No.9-2/42-MARP, dated the 8th May 1942.

2. The Government of India state that although the entire quota of 100 mentioned in the letter has been allotted to provinces, it is not intended necessarily to restrict the number to that figure, and if there are any State subjects who wish to volunteer for General A.R.P. Service, they will be considered. I am accordingly to request that if the Government of Mysore have any candidates for training for General Service A.R.P., their particulars may kindly be furnished to this Residency as early as possible.

I have the honour to be,
Sir,
Your most obedient servant,

for SECRETARY TO THE RESIDENT.

C.D.D. Circular No.207/42.

Subject:- Auxiliary Nursing Service.

I am directed to say that the Government of India have under consideration the training of 100 nurses for General Service A.R.P. under the Auxiliary Nursing Scheme. The intention is that these nurses will be available for nursing duties arising out of air-raids in any part of India. Each Province/etc. will be allotted a certain quota for the training of these nurses. It may be pointed out that, before arrangements are made to recruit 100 General Service A.N.S. members for A.R.P. duties, the Government of India, would like to know whether the Provinces/etc. where these nurses are trained are prepared to employ them immediately on their passing the A.N.S. qualifying examination for the duration of war or thereafter as long as their services may be required.

Experience has shown that, if the A.N.S. members on passing out at the end of three months' course are not called up for service, they drift off to other employment and are lost to the Auxiliary Nursing Service. Moreover, it is felt that if they are not kept after the completion of their training, they forget what they have been taught and the training is wasted. It is suggested that A.N.S. members, whether for Local or General Service, should be called up after their training to work in existing hospitals during interim period.

Government of India will start the training of these 100 nurses if the Provincial Governments agree to the employment of these trained nurses in view of the observations made above.

For each of the following Provinces, Government of India, suggest the following quota for training of General Service members for employment :-

Bengal	20	U.P.	10
Madras	20	Punjab	10
Bombay	20	Assam	5
Bihar	10	C.P.	5

It is also suggested that the Provincial Government (you) will indicate the number of candidates that they (you) wish the Government of India to train up to the end of 1942 for employment:-

( ) to C.Cs only.

(1) Local Service A.R.P.
(2) General Service A.R.P.

The matter may be treated as very urgent and replies should be sent at the latest by the 20th May, 1942.
